

The Paranormal Chronicles story continues on as Shandi Nicole Stevens and her paranormal group, Appetite for Paranormal, get into even more trouble in Sisters of the Moon. In this second installment, Kevin D. Finneran taps into that rich melting pot of fantasy, paranormal, adolescent romance with just the right touch of a supernatural theme. The love story between Shandi and Michael Ryan continues as we see how their relationship has developed in a year's time since One Beginning's End. To say they are faced with new obstacles, including dark magical spells, a troubled soul from Michael's past, mysterious visions and new paranormal enemies is an understatement! Captivating, spellbinding, full of twists and turns, ups and downs, this paranormal story continues to charm.
